

To Uninstall a Printer Windows 7

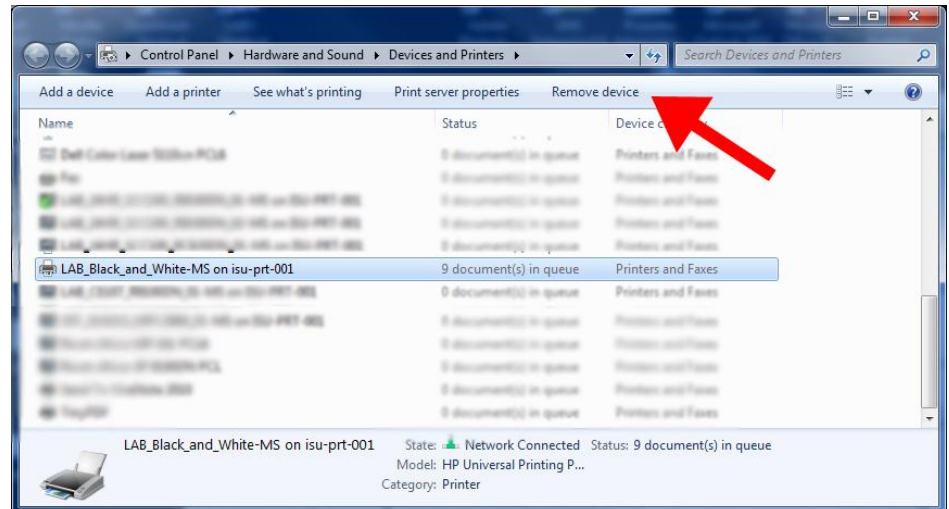

1. Click the Windows button in the lower left corner of the desktop.
2. Click on “Devices and Printers” in the Start Menu.

Step 1 - Windows button

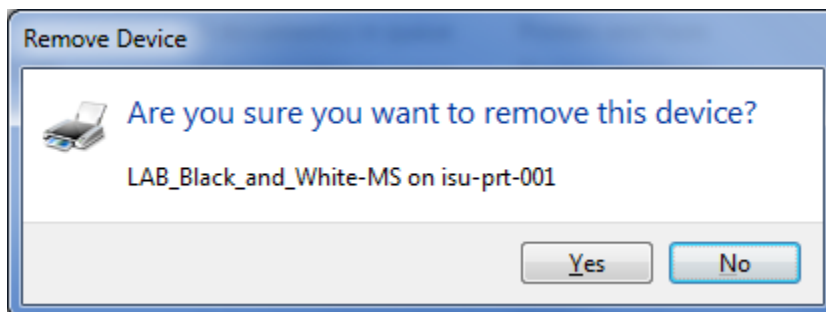

Step 2 - Start Menu

Step 3 - Device List

3. In the device list, select the printer to remove. Then click “Remove Device”. (If you have both the black/white and color printers installed, you should delete both of them.)

4. Click “Yes” on the confirmation box.

Step 4 - Confirmation Box
